

Respect safety distances

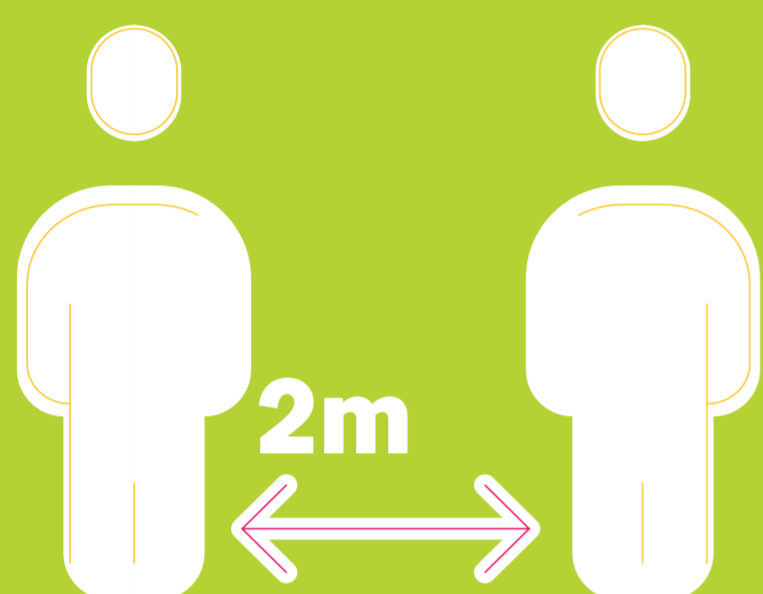

Keep a distance of at least 2m

Protect yourself

Keep a 2m distance

Avoid gatherings

Wash hands regularly
for at least 20
seconds

For your protection

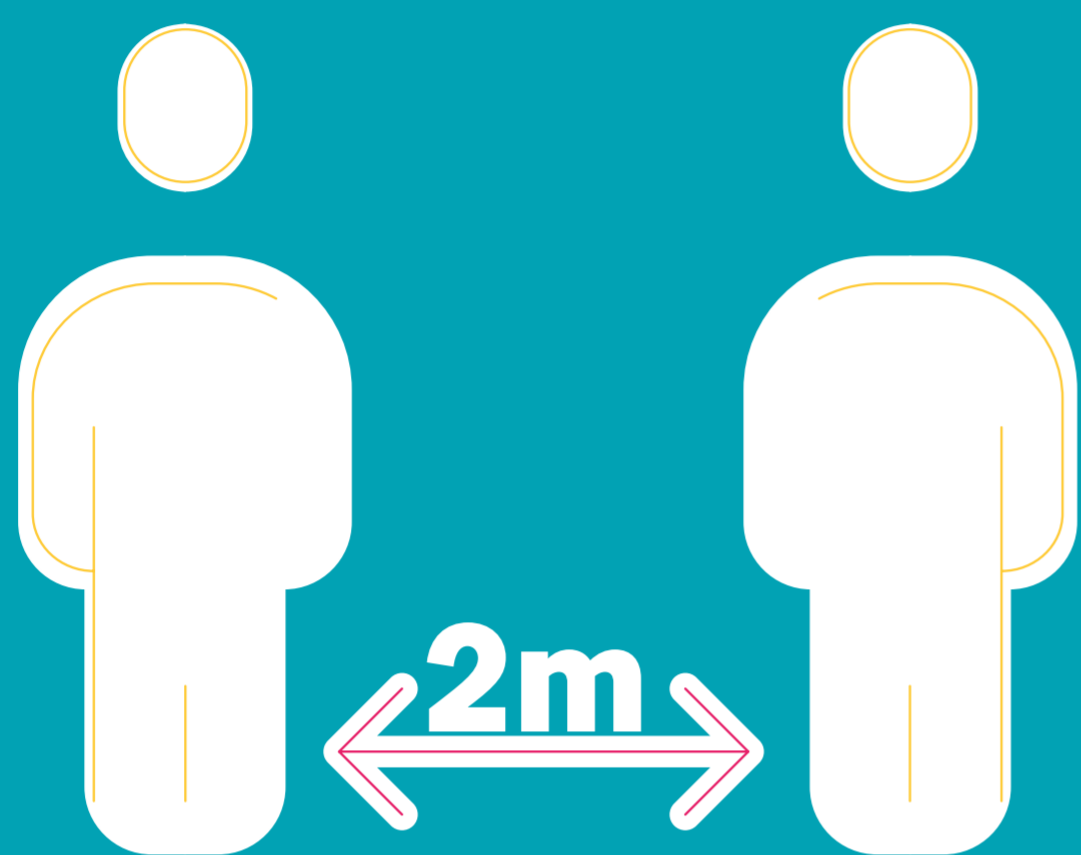

PLEASE WAIT HERE

RESPECT 2M DISTANCE

Follow ground markings

Reduce risk to you and others

Respect security
distances

Protect yourself
and others

Preventing the spread...

Avoid touching your face

Wash hands regularly for at least 20 seconds

Concentrate on palm to palm, back of hands, in between fingers, thumbs, the back, and tips of fingers.

Dry hands thoroughly

Use a tissue to turn the tap off if possible

...is in your hands

BE ALERT, BE CAUTIOUS, BE SAFE!

CATCH IT

Catch your cough or sneeze in a tissue

BIN IT

Germs live for hours on tissue, so bin it as soon as you can

KILL IT

Wash/antibacterial gel your hands to prevent spread
